in the South, the certain ally of Abraham Lincoln, the most powerful, the most intricate foe, and at the same time the most insidious enemy the Confederacy has in the old North State.

Resolved furthermore. That W. W. Holden, by the publication of cowardly and submission editorials, in recent issues of the Raleigh (N. C.) "Standard" has disgraced himself in the eyes of all true men...

Resolved. That the action of our (N. C.) troops in Virginia, denouncing the course of the "Standard," meets our hearty approbation, has dispelled much of the gloom brought upon us by our recent reverses...

The reading of the resolutions, was followed by several patriotic speeches, delivered by the members of the company, after which the said resolutions were, upon motion of Sergt. J. M. Highsmith, unanimously adopted.

The following resolutions were then offered and adopted without discussion. Resolved. That the proceedings of this meeting, be forwarded to the Wilmington Journal, with a request for publication...

Resolved. That we are utterly opposed, and henceforward and forever will oppose, with disdain and contempt, any cowardly proposition for reconstruction upon any basis whatever.

Resolved. That a meeting held in Westfield, in this county, in our opinion, only expresses the sentiments of an insignificant number of deserters and Tories, and not any considerable portion of the citizens of the county...

From Charleston—Sunlight. A correspondent of the Richmond Whig, Aug. 23d, writes as follows. The women of Charleston refuse to leave the city! God bless the women of the Confederacy!

Our people are in good spirits, and it is hardly worth while to give you information which you already have by telegraph. The authorities here wisely consider it the best policy to let our people know what is transpiring, though of course there are proper restrictions upon the dissemination of news...

Every attack made by the enemy was repulsed. At night each side occupied the same position they had in the morning. This morning the enemy made two other attacks and were handsomely repulsed, when he abandoned his position and returned towards Warm Springs, pursued by our cavalry and artillery.

The troops engaged were the first Brigade of this army, Col. G. O. S. Patton, commanding. The enemy's loss was about two hundred killed and wounded. The enemy's loss of prisoners and several pieces of artillery. Signed SAM'L JOHNS, Major General.

Later from the North. A flag of truce boat arrived this morning at City Point, with six hundred paroled prisoners, mostly men. The New York papers of the 26th received at nine p. m., contain nothing of importance. The Yankee papers are jubilant over the partial destruction of Sumter.

On the 21st, during a violent gale, the U. S. brig Duane was blown down while on a voyage to New York from Port Royal. All on board lost, except a negro named Smith, who was picked up in small boat. The City of Madison, ammunition steamer, was blown up at Vicksburg through the carelessness of a negro, and one hundred and fifty lives were lost.

The Mayor of New York has vetoed the exemption ordinance. The British steamer Hebe was captured off New York, N. C., on the 18th. Lord Lyons and suit are travelling through the Canada. The excitement in the New York stock market continues.

From Richmond. Richmond, Aug. 29. The reports from the Peninsula last night were greatly exaggerated. It is now believed the force of the enemy did not exceed 600 to 800. Lieut. Wood has captured off the Rappahannock two schooners, one loaded with coal, the other with anchors and chains.

Later from Europe. Richmond, Aug. 29. European advices to the 13th received at New York. Queen Victoria had embarked for Germany. Nothing confirmatory of the rumor, to which the Times gave currency, that additional troops were to be sent to British North America.

Nothing confirmatory of the rumor, to which the Times gave currency, that additional troops were to be sent to British North America. The Emperor of Austria has authorized the Arch Duke to accept the Crown of Mexico, provided the new Emperor is placed, by treaty, under the protection of European powers.

News from three of the Powers were expected to be handed to Prince Gorchakoff about the 17th inst. La France says, should Russia refuse to do justice to the claims of the powers, the period of negotiation maybe considered at an end. It is said the Russians are concentrating troops.

From Charleston. Charleston, Aug. 28. The firing to-day has been quite slow. Our fire against the enemy to-day has been very effective. The enemy is strengthening his position at our rifle pits, three hundred yards in front of Wagner. Everything perfectly quiet except the occasional boom of guns.

Later from the North and Europe. Richmond, August 29. The Baltimore American of the 27th has a letter from Charleston dated 21st, which says seven North Carolina deserters from Sullivan's Island report that the rebels are preparing to abandon Fort Sumter and blow it up. Only six eight inch guns are in the Fort, the remainder are quakers.

A dispatch from Cairo says Herron's troops are on an expedition up the Red River. Grant and staff are at Memphis. Quantrell's guerrillas disbanded at the head of Grand river and are scattering in every direction. About seventy guerrillas killed so far by the pursuing party. Lane is organizing a force to go to Missouri early in September.

The chief of the Delaware, Sioux and Fox tribes have offered their services to Lane. Over one hundred rebel sympathizers were killed in Cass county Missouri, and their houses burnt. Jeff Thompson and staff were recently captured in Arkansas, and are prisoners. New York Foreign advices to the 16th say Lord Clyde died on the 14th. American affairs but little discussed. Three war steamers were recently sold at Plymouth to a London company, surmised to be intended for the rebels. Cotton firm, advanced quarter penny. Bread-stuffs declining.

FROM THE SOUTH. JACKSON, Aug. 28. No further news about the Yankees towards Richmond. The reports are supposed to have originated from some Yankee wagon train east of the Big Black engagement, hauling cotton to Vicksburg. (SPECIAL DISPATCH.)

Gen. Grant has issued the following order for the government of negroes. Following order for the I. The camps will be being late Aug. 10th. negroes as are out of employment for such free II. Officers of the army will supervise and rations will be drawn for their subsistence camps. III. All negroes will be employed in every possible way, to avoid their being a burden to the Government. Planters and others may hire them, giving an assurance to the Government that they will not be run out of the line.

IV. The Provost Marshal is to see that they are employed by some white person or sent to the camp. V. Citizens may make contracts with the negroes for their labor by the month or year, finding clothing, supporting the Indian, and giving not less than one-twentieth of the commercial part of their crops in payment for such services. VI. The negroes are to be employed under the authority of the Provost Marshal and local commander of post. Security will be required that the negroes will not be taken out of the lines. VII. Nothing in this order shall embarrass the employment of the negroes by the Government. (THIRD DISPATCH.)

JACKSON, Aug. 29. Persons lately arrived here report from across the Mississippi River, that it is strictly patrolled by gun boats. No important movements in front.

CITADEL SQUARE HOSPITAL. Private Thomas Dwyer, Company A, 61st North Carolina. Private J. M. Anderson, Company I, 61st North Carolina.

FIRST GEORGIA HOSPITAL. Corner of King and Vanderhoef Streets. Capt. A. J. Moore, Company F, 61st North Carolina severely. Private C. C. Newton, Company A, 61st North Carolina.

Private Richard Grimsley, Company E, 61st North Carolina. In the afternoon one of the Monitors moved up and opened fire on Battery Gregg, with an occasional shot at Sumter. Battery Gregg replied, several shots taking effect. The engagement was continued about an hour and a half, when the Monitor retired.

About half past six last evening very heavy firing commenced, and was kept up for several hours. The cannonading exceeded in severity any heretofore heard. Official dispatches were received stating that the enemy had appeared with an over whelming infantry force and another assault was anticipated.

At a later hour the dispatches announced that the enemy had succeeded in carrying our outer line of rifle pits. It was reported, however, that our troops had been reinforced and the pits retaken. Very heavy and continuous discharges of musketry were heard about ten o'clock, and it was believed that the engagement had been renewed.

We received no further particulars of affairs on Morris' Island up to twelve o'clock last night.
